

ABSORB POWDER

Performance Focus

Industry-leading research and development, combined with extensive testing ensures that our ABSORB POWDER can be used across a whole spectrum of body fluid and chemical spillages. This product is designed to be used in any environment where you need to quickly and safely clean up body fluid and chemical spillages.

Our intensive focus on performance delivers a unique product providing the following significant benefits:

- **FAST ACTING** – A fast activating powder that quickly absorbs all types of body fluid and chemical spillages.
- **ECONOMICAL IN USE** – Economical in use, requires less powder to clean up than some alternative brands.
- **SUPER ABSORBENT** – Product can absorb up to 200 times it's own weight in liquid.
- **SAFE TO USE** – Powerfully effective, contains a bactericide to assist in inactivating harmful organisms.
- **EASE OF USE** – Product is easy to use, sprinkle powder on spill leave to absorb then scoop up.
