HEALTHCARE

Disinfectant spray and air freshener

Powerfully effective as both air spray and contact-surface spray, independently tested to British and European standards.

Performance focus

Cutting-edge research and development, combined with independent testing, ensures **Bioguard disinfectant spray and air freshener** is truly effective for use across the whole spectrum of professional healthcare environments.

Our intensive focus on performance delivers a product which is:

- **POWERFULLY EFFECTIVE** - Independently tested to British and European standards. Effective against 1000's of viruses, bacteria, mycobacterium and spores, including MRSA, Tuberculosis, Hepatitis C, Salmonella, Avian Flu (H5N1) and Swine Flu (H1N1). For more details, please refer to our Independent Test and Safety Information CD.
- **NON-HAZARDOUS** - Conforming to the latest health and safety legislation. For more details, please refer to our Independent Test and Safety Information CD.
- **USABLE ON VIRTUALLY ALL CONTACT SURFACES** - Including plastic, stainless steel, bedding and uniforms, without damaging or degrading them; one quick, hassle-free application is all that's required.
- **IDEAL FOR HIGH-RISK ENVIRONMENTS** - The professionals' choice since the early 1990s; widely used in clinical facilities, including mortuaries and testing labs.
- **SIMPLE AND ECONOMIC TO USE** - Kills odour-producing bacteria; the combined cleaning and disinfectant action removes the need for separate products and procedures.
- **ENVIRONMENTALLY FRIENDLY** - Proven by independent audits to be non-toxic, biodegradable and non-accumulative in the eco-system. No special procedures are required for product disposal or in case of spillage.

Client testimonials

"The product under test had a vicarial effect on the named species"

Vicarial study against Newcastle disease and Hong Kong-strain influenza

"The Bioguard product, when tested in its ready-to-use state and in accordance with BS EN 1276, performed exceptionally well against all selected test organisms"

Test results against Legionella diseases, Law Laboratories

"This product is really effective at decontaminating the environment. Its non-hazardous nature is a great benefit"

Airline using product to decontaminate cabin space
