

HEALTHCARE

Medical hand scrub with plant-based moisturisers and conditioner

Powerfully effective to BSEN1276, non-hazardous and friendly to handle with natural-based skin protectants.

Performance focus

Cutting-edge research and development, combined with independent testing, ensures **Bioguard medical hand scrub** is truly effective for use across the whole spectrum of professional healthcare environments.

Our intensive focus on performance delivers a product which is:

- **POWERFULLY EFFECTIVE** - Independently tested to British and European Standards BSEN1276. Effective against 1000's of viruses, bacteria, mycobacterium and spores. For more details, please refer to our Independent Test and Safety Information CD.
- **NON-HAZARDOUS** - Conforming to the latest health and safety legislation. For more details, please refer to our Independent Test and Safety Information CD.
- **USER FRIENDLY** - Formulated to prevent skin irritation or unusual sensitivity. Contains cosmetic-grade plant-based ingredients that assist in replacing the skin oils and lipids, enhancing skin condition and moisture.
- **IDEAL FOR HIGH-RISK ENVIRONMENTS** - The professionals' choice since the early 1990s; widely used in clinical facilities, including mortuaries and testing labs.
- **HIGHLY ECONOMIC** - Superior cleaning action means you use up to 30% less product per scrub, compared to traditional alternatives.
- **ENVIRONMENTALLY FRIENDLY** - Proven by independent audits to be non-toxic, biodegradable and non-accumulative in the eco-system. No special procedures are required for product disposal.

Client testimonials

"Using Bioguard medical hand scrub has prevented the skin irritation I used to encounter with other products"

NHS nurse

"Much more user friendly than alternative products used"

Mortuary technician

"My hands feel so soft after use"

Nurse practitioner
